Outings and Visits

Visit to model railway and lunch at Bride Tea rooms.

After a delicious lunch at Bride Tea Rooms, 16 of us enjoyed a fascinating visit to the Bride Model Railway. The computer controlled 45mm Gauge 1 railway has been set up by Electrical Engineer Ian Beech and runs all-round the bungalow. The beauty of the model railway comes from his attention to detail and sense of humour. The name Lighthouse Gorsebank and Bride Railway comes from the need to align the name (and so all logos etc) with the main German Supplier Lehmann Gross Bahn. Our second visit is on Friday 4th September for more details contact Celia Marshall.460965
